SEPTEMBER AND OCTOBER IMAGES

FOR DAWN THOMPSON · MONDAY, SEPTEMBER 21ST, 2026

29 IMAGES ACROSS 12 POSTS, PULLED LIVE FROM THE PUBLISHING QUEUE

Everything scheduled to publish from September 23rd through the end of October, in one place. Image approvals come to you now, and David keeps the captions and the clips. You don't need to reply if they all read right. If one doesn't, name the date and what's wrong with it, and it gets remade.

Every hospital can be a fit

> **Rebuilt and ready.** Card one now carries the headline agreed on the call, that every hospital can be a fit and the question is which procedures. Checked live today. The post is waiting on your yes rather than on artwork.

One procedure, the whole ask

> **Still being rebuilt.** The headline now reads one procedure, corrected today. The picture itself is the one you asked to be redone, the leather portfolio with the bridge behind it. You are getting manila chart versions with the claims running into it and no bridge. This post stays held until you pick one.

> **One post is held.** Only the September 30th image is still waiting on artwork, and it is flagged above. The September 28th carousel was rebuilt today and is ready whenever you approve it. Both are sitting in draft rather than scheduled, so neither can publish on its own.

> **The video posts aren't in here.** Six of the late September and October posts are clips of David rather than stills, and those captions went to him separately.
